

## **We are here to support you - Rotary Peace Activators and Peace Fellows**

A dedicated group of peacebuilders is available to work with your club and community. We are graduates of the Rotary Positive Peace Activators Program. Since 2020, over 400 participants from various regions have completed the program.

As Peace Activators, our goal is to introduce clubs and communities to Rotary's peacebuilding efforts and the transformative framework of Positive Peace. We're available to speak at Rotary events, facilitate workshops, and collaborate on ways to engage members and increase our impact as peacebuilders.

Contact us to ignite and support your peacebuilding efforts:
